

## Counter Terrorism Awareness Training

CRS Inc is committed to engaging with its partner clients to bring this awareness to staff at all levels exposed to the threat. With the help of specialist facilitators with police and special branch backgrounds, CRS Inc's awareness days are not only informative but dynamic through delivery, working to raise and support the awareness of safety and integrity of the venue mapping Project Griffin. The increased threat of terrorism has placed a greater onus on employers preparing for the worst-case scenario with regard to terrorist incidents-whether actual or threatened.

Our unique Counter Terrorism Awareness one day package includes

- Terrorist objectives
- Threat Levels
- Security Plans
- IED's
- Vehicle/Person Borne Improvised Devices
- Crime Scene Management
- Hostile Reconnaissance
- Current crime trends and methods of operation
- Consequence Management
